Gas Foreman  
Gas Operations – Lower Hudson

March 21, 2024

Dear Central Hudson Customer,

In an effort to improve the safety, reliability, and performance of the natural gas distribution system, Central Hudson is undertaking a comprehensive natural gas main and service replacement program in select communities throughout the Mid-Hudson Valley to address and modernize aging infrastructure.

As part of this improvement initiative, Central Hudson will be investing in the natural gas system in your neighborhood by replacing the main lines in the street and service lines that connect to individual homes and businesses. Central Hudson crews will be resuming work to install these new natural gas distribution mains and services.

Replacement of approximately 3,800 feet of gas lines in the Village of Wappingers Falls is formally set to begin in April and the project is estimated to take 6 months to complete. Construction trenching will occur along:

- Prospect St, between Fulton St and Clapp Ave
- Prospect St, between S Mesier Ave and S Remsen Ave
- South Ave, between Prospect St and W Academy St
- S Mesier Ave, between E Main St and E Academy St
- S Remsen Ave, between E Main St and Dimarco Pl
- E Academy St, between S Mesier Ave and S Remsen Ave
- High St, west of N messier Ave
- N Mesier Ave, between Brookside Dr and Trabucco Pl
- Brookside Dr
- Walnut Dr

If your service line is affected, Central Hudson will contact you to schedule an appointment for its replacement. Please note that this entire process requires work to be performed both inside and outside of your home or business. Natural gas meters currently located indoors will be relocated by Central Hudson to an outdoor location to improve future access to this equipment by utility personnel. All Central Hudson employees display identification badges.

25 Central Hudson Way  
Fishkill, NY 12524

Any disruptions to your property will be restored by our crews or our professional landscape and paving contractors. If you do not own the home or property, please refer all decisions concerning this work to the property owner.

Central Hudson is working closely with your municipal officials in planning this work, such as coordination with paving, restoration, and other planned infrastructure projects. If you have any questions about this activity, please do not hesitate to contact me at (845) 897-6112. ***For more information about this important initiative and to view weekly updates for each project, visit [CenHud.com/GasProjects](http://CenHud.com/GasProjects) on your browser or at the QR code below.***

Sincerely,

Phil Schwer
