

# Site Ready Checklist

**The following items must be ready before Central Hudson can schedule work:**

- The service route must be cleared of trees and or other obstruction.
- Property lines and corners have been staked.

- Meter base and customer conductors are installed - refer to [Specifications and Requirements for Electric Installations \(Bluebook\)](#).
- Set up Customer Billing Information.
- Pay any required deposits or any other financial obligations.
- Submit any required easements.
- Obtain an electrical inspection and or necessary local/municipal release.
